

JOURNAL OF ETHNOBIOLOGY
ETHICS STATEMENT

Title of article: _____

I declare on behalf of, and having obtained permission from all the co-authors, that:

- (a) the material is the original work of the authors, we do not plagiarize, we truthfully present data;
- (b) the material has not been published in whole or in part elsewhere;
- (c) the paper is not currently being considered for publication elsewhere;
- (d) all authors have been personally and actively involved in substantive work leading to the report, and will hold themselves jointly and individually responsible for its content;
- (e) all relevant ethical safeguards have been met in relation to participant consent and protection, collection of biological or archaeological samples, and participants' authorial and image rights.
- (f) all relevant permissions were obtained including those required by research participants, host communities, host governments, sponsoring institutions, or ethics committees, including all permissions required for the collection, use, and reporting of data involving human subjects, biological samples, biodiversity, archaeological remains, and intellectual property.

Permissions (*Declare here all formal permissions obtained for the reported research, including those issued by IRB or ethics committees, host governments or institutions, local communities, and individual participants. If none, indicate "None declared" or "Not applicable."*):

Sources of funding (*Declare here any sources of funding of all the authors that may be relevant, including current funding of posts and funding for the research being reported. If none, indicate "None declared."*):

Conflicts of interest (*Declare here any conflicts of interest of any of the authors, including any past or present connections with industries related to your field of study irrespective of whether it relates to the current research. If none, indicate "None declared."*):

I testify to the accuracy of the above on behalf of all the authors.
