

## Ethnobiology of Sweets and Sweeteners

A proposed special issue in the Journal of Ethnobiology in 2020  
We are seeking to put together a collection of peer-reviewed original research papers that examine the social and ecological context of people and sweet food. Research focusing on any place in the world and any time period would be welcome.

The Journal of Ethnobiology is the flagship journal of the Society of Ethnobiology — the leading academic society examining the relationship between people and their biological worlds. Visit [ethnobiology.org](http://ethnobiology.org) to learn more.

To participate in this collection, please contact Dana Lepofsky [dlepofsk@sfu.ca](mailto:dlepofsk@sfu.ca)
